AUGUST TABLEAU - DCJ

The sun beat down with no mercy, the air was heavy with the leaden weight of a humidity reaching a peak even for August. On the sidewalk lay two shaggy dogs grinning but with heavy tongues aquiver with moisture dripping. As I dragged by with little vigor, the scene hit a sympathetic chord. Those dogs "spoke volumes". As I lifted the camera to take the photo, I knelt to their level. The younger of the two leapt in alarm and barked in outrage at the intrusion. To my rescue and to the comfort of the poor fellow came their young mistress, Margaret Mc-Sweeney. So, we brought them to our cover this week. This was Wednesday, August 16th, in Marion, Dog Day 1989.

Rochester Regional High School. The additional cuts are necessary to meet the latest amount needed to cover the operational budget, caused by a reduction in state aid.

The only budgets not touched will be the Old Rochester Regional School Committee, the Old Colony Vocational School Committee, debt service and insurance. The additional cuts will be across the board cuts reflected in all town departments. A total of $512,000 has to be cut.

In addition to the $375,000 already cut, the two boards agreed to cut $32,000 from the landfill account. This reduction will be realized by recommending the rubbish contract presently in effect run until December 31. For the balance of the fiscal year from January 2 to June 30 it is recommended that the Board of Health negotiate with the trash hauler to enter into private collection contracts with townspeople. The names of householders will be given to the contractor for pickup and for billing purposes.

In the original discussions, Finance Committee had suggested $50,000 be taken from anticipated receipts, with a one percent cut across the board. Selectmen felt, however, they would rather not leave the town without free cash for the coming year but preferred to make the cut a three percent one.

Selectmen and committee members noted Mattapoisett is in a minority having the town collect rubbish. Private collection is definitely the way to go, as many neighboring towns do this, Selectmen Chairman Bernard F. Talty explained.

Now, all these recommendations will go before the voters at 7:30 p.m. Tuesday, August 29th, and will be taken on a line

The August Birthstone

PERIDOT

For the Romantic ... the PERIDOT,
a transparent gem stone of a rich olive green.

Peridots recently have been in the midst of a new upsurge in popularity, although this gem has been known for centuries. Some of the finest Peridot gem stones have been treasured by Cathedrals in Europe, ever since the Crusaders brought them home from the shores of the Red Sea. Some especially fine ones are those belonging to the Cathedral of Cologne.

When set in gold, the Peridot is said to achieve its greatest power. It is credited with repelling all night-time terrors for the frightened woman who wears it. One rhyme warns that she who was born in August and fails to wear a Peridot will "live unloved and alone."

The deepest colored Peridot gems come from St. John's Island in the Red Sea. Burma provides some gems of fine quality; a few very small stones are found in Arizona, New Mexico and Hawaii, while lighter-colored stones come from Queensland, Australia. Some truly "Heaven-Sent" Peridots have been found in Meteorites.

While the Peridot may vary in the deepness of shades, all will be green. It is one of the few gems that comes in only one color.

In other business, Selectmen:

VOTED TO HIRE Manuel Sylvia of Wareham, presently a Wareham Selectman, as the town's accountant on a consulting basis for a term of 30 days. After that time, Mr. Sylvia will return to the Selectmen with a definite proposal for full-time services.

Mr. Sylvia, who was also Wareham's town accountant for 27 years, initiated the computer system in Wareham in 1974. He is presently consultant accountant for the town of Carver on a part-time basis. He plans to work between 10 and 14 hours per week and will be paid $20. per hour, with funds from the town accountant's budget. He noted there will be no fringe benefits involved with a consultant.

Mr. Sylvia commented he was the one who convinced Barbara Dakin to take the town accountant's position in Mattapoisett several years ago. Mrs. Dakin's position has been filled several times since she left; the most recent, Karen Long, resigned to take a better paying job in Fall River. Chairman Talty noted, "Sadly we keep losing good town accountants because of the low salary."

Mr. Sylvia said, "When I work for you I will give it my best shake. I am not afraid of a challenge. I understand warrants have to be ready on time. The only hitch is I won't be available on Tuesday night becuase of my commitment to the Wareham Selectmen." Selectmen said Tues-

AGREED TO INCREASE the charge to owners of dogs that are picked up and taken to the New Bedford Animal Rescue League. Previously, there was a $10. charge per day for the time the dog is at the kennel in New Bedford. Now, an additional $15. will be charged to cover the transportation of the dog to New Bedford.

MET WITH The Conservation Commission to discuss the environmental impact report of the Keller Company on the Brandt Island Road house/golf course development.

Member William Straus explained the commission is using part of the Keller Company's $10,000 donation to obtain two separate studies. One will be a geo-hydrologist's review of the Keller plan and how it will affect drainage and wetlands. The second review will be to study the impact on groundwater and neighboring wells. Because of the scope of the project, the company has to have environmental studies for both state and federal authorities. The commission agreed to keep Selectmen informed on the studies.

The concern of Brandt Island Improvement Association members on traffic problems is not an issue covered by the commission. Selectmen Chairman Talty noted the Selectmen have no funds at this time to do a traffic or visibility study, but they will check into the consideration of signs in the poor visibility areas and will de-

termine somehow to obtain a review of the traffic problems.

When questioned on the Conservation Commission's action on the wetlands violation of Mr. and Mrs. Daniel J. Faria on their property on Long Plain Road, Chairman Ronald Scott said the state has ordered the Farias to remove the fill. He said the state has not informed the commission of any decision. Two years ago the commission was told the area was already filled and the commission allowed a drain. However, "the state has superseded us".

In clarifying his remarks reported in the Standard-Times, Mr. Straus said the incident with the Farias happened before he became a commission member. "I have taken myself off the legal case concerning Mr. Faria even though I did not represent him personally; I did represent the union in which he was a member."

ADVISED Mr. John F. Denham, Jr. to seek advice from the Board of Appeals concerning a zoning issue on property he owns on 9 Hawthorne Street.

Selectman William F. Hubbard stressed the manager has to be on the premises every minute the bar is open. It is possible to name an assistant manager, he informed Mr. Furtado.

VOTED TO INCREASE the Police Professional Liability Insurance policy to include the three Selectmen and the Personnel Board members at a cost of $1,702 to Humphrey, Covill and Coleman Agency. It was noted Selectmen have no insurance coverage and agreed the board should be covered.

AGREED TO INCREASE the ambulance fee from the present charge of $75. to $125. per run. In a comparison with neighboring towns, Mattapoisett was the lowest, with others ranging from $75. plus mileage to $175. Mattapoisett averages 240 runs per year, bringing in $18,000 per year. Selectmen feel this would increase with more intensive bill collecting for the non-insurance coverage.

The second request to use the office space for the council office was not considered at this time as the Selectmen are having the heat and electricity turned off as an economy measure. Future plans for the area call for it to be redesigned as a vault for town records when funds are available.

Meeting on Landfill Proposal

MATTAPOISETT BOARD OF HEALTH
AUGUST 16, 1989-by VIRGINIA MORGAN

The second of four open meetings held by the Mattapoisett Board of Health to hear input from the public on a proposal by Energy Answers Corp. (parent company of SEMASS) to take over the town's sanitary landfill was held Wednesday at Town Hall.

Health Board member Daniel C. Lee introduced Ron Michalski, Tighe and Bond engineer, who has been working with the health board for four years on the landfill, Mr. John Baynard, vice-president and general manager of EACO, and Mr. James Cleary, operation manager of EACO.

Mr. Michalski said he was here to provide information and advice, but not offer an opinion either way on how the town should vote. He explained Mattapoisett has a license from the state to operate 20 acres of landfill, approved in 1972; by 1988 the town has used one/half of the landfill. The EACO proposal concerns the used land (footprint) and not the virgin land which is not being discussed at this point. Mattapoisett has been advised by the state Department of Environmental Protection (formerly DEQE) verbally it cannot use the entire landfill area - the remaining landfill area (virgin area) is unlined and has to be lined before use.

The engineer presented charts showing the financial differences between the town's operating its own landfill versus EACO with the town; $1.8 million versus $135,000 for a four year period. He also outlined key issues involved to consider: environ-

eye talk

Q. How can I tell if I have glaucoma?

A. It's best not to try to diagnose glaucoma yourself. By the time you notice symptoms, part of your vision may be gone forever.

Our eyes are filled with a fluid. When our body makes too much of this fluid or drainage is blocked, pressure builds inside the eye and can damage internal parts. This is called glaucoma.

By measuring your eye's pressure, examining your optic nerve during an internal eye health examination and performing other tests, your optometrist can diagnose glaucoma signs far earlier than you can. Everyone over 35 or anyone with a family history of glaucoma should have these tests annually as part of a thorough eye examination.

Glaucoma can usually be controlled or stopped with drug or surgical treatment but vision destroyed by it can never be regained. Early diagnosis and treatment are, therefore, important.

mental (groundwater, appearance and liability). The ground water will not affect the Mattapoisett aquifer. EACO will have liability for five years after the landfill will continue in its capped position; however, 10 to 15 years from now, the responsibility will be shared by them and the town. 2. Traffic - I-195 and North Street. A maximum of 15 vehicles per day will travel these roads. 3. Mattapoisett's future landfill operation. Five years from now there could be a $2. million cost for all operation. It has been determined by the town's health board it is not in a position to operate a commercial landfill - it would be a nightmare to operate.

The engineer continued, Mattapoisett's landfill is unlined and is operating in reasonably good shape, but will need capital expenditures to close out and cap the presently used area. It has a capacity for 10 years more if the state DEP rules do not change; at some point a lined landfill will be required. Basically, EACO will have control of the Mattapoisett landfill footprint for the period three to five years required to close and cap the footprint.

Mr. Jarvis Stratton, owner of The Yacht Lot on Route 6, took issue with the profit EACO will be making rather than the town assuming operation of a commercially profitable landfill on its own. "Our landfill is a priceless asset. Why should we give

EACO our landfill? I did a cost analysis on our operating the landfill and we could make a profit. I don't want to be unfair to you gentlemen, but I think we can operate the landfill ourselves."

Mr. Stratton further said, "If the special town meeting is packed wrong, we will lose our landfill. We need more enthusiasm in town for our 'dump'. Our business generates a lot of trash which we take daily to the landfill. What do we do with heavy trash if the dump is closed?" Several other contractors asked the same question, what do we do with heavy construction demolition material?

Mr. Michalski said the concept makes sense if operating a profit making landfill but it would take about two years before operating as a money-making landfill. He said, "You still have to cap and line the landfill and answer to the state." Also, the company, EACO, deserves to make a profit.

Mr. Cleary said there is more to operating a landfill then one realizes, and "I've operated many of them". In a reply to a question on what SEMASS would do if a boiler blows up, he said they have contracts with major landfills to take our material. Mr. Baynard explained the

present cost for private waste collection is $42. per ton and not the $55. per ton Mr. Stratton's figures are based on. The facility is taking 2/3 of community waste at an average of $20. per ton (Mattapoisett is paying $17.20 per ton); and 1/3 is private collection. The profit figure he quoted is not correct, Mr. Cleary noted.

Mr. Baynard explained his company is working with a Cape Cod company to accept lumber and reduce and process it to an acceptable size for SEMASS. "We also have plans for recycling metal items."

A public comment noted "I don't want to see a vote in favor of joining EACO as way out of the town's financial problems. We shouldn't give away our land."

Former Selectman James F. Huntoon recommended that two articles be placed on the September special town meeting warrant. If the main article to accept EACO's proposal fails, there should be a second article to set up a committee appointed by the moderator to study alternative ways to operate the landfill. "How can we optimize the use of the town's sanitary landfill?"

When board members were asked their personal opinions, Chairman John Bowman said, "I do not agree to the takeover. The landfill is a valuable asset to the town, and we shouldn't give it up. We are trying our best on the board but we are only

here one day a week; a committee to study other ways would help."

Member Evelyn Ellis said since the consent order came from the state "We have had to clean up our act at the landfill. We've had some tough decisions to ask voters for more money to look at alternatives. If we lose the land it is gone forever. But there are a lot of other health issues in town besides the landfill to take up the Board's time."

Member Daniel Lee said he is for the plan. "We have been trying to do everything to squeeze nickles to do the work you have seen done this year. We've spent $75,000 to get ready for the sloping. The town can't refuse what gets done for nothing. The environmental factor will be there no matter who does it." He added, "We are holding these meetings to listen to what you say. We wouldn't do anything without the voters' approval." The board agreed to place an alternative article at the September special town meeting.

The next open meeting to gather input from the public will be held at 7:30 p.m. Wednesday, August 23rd; the fourth meeting will be at 7:30 p.m. Wednesday, August 30th, in the conference room at Town Hall.

to retain the park-like grounds and, of course, the sea horse itself which has become a landmark. The structurally sound 1807 Cape Cod home and extensive gift shop/train room wing are currently occupied by a caretaker to preserve and maintain its integrity.

The Land Trust objective over the next several years is to attract non-profit organizations to use the buildings without compromising the grounds. tion of Jessica Shepardson (a MAC theater scholarship winner), the Kids Theater Group has been learning acting techniques, mime, theater games and improvisation.

On Thursday, August 24th, at 3:30 p.m. they will present four original plays entitled "MANHATTAN MADNESS" at the Art Center. The plays emerged in a unique way. Each student created a character over a period of time using props, costumes and eventually actions. Then Ms. Shepardson used those characters to construct an original script. The themes are humorous with outrageous plots, too.

This is the second season that this program has been offered, and due to its popularity and the enthusiasm of the young thespians, an activity entitled "SHOW TIME" will be offered at the Center in the fall.

There is no admission charge for Thursday's performance. Everyone is welcome.

tal Outlay Expenditure Exclusion, meaning the expenditure is excluded from the calculations of the levy limit for the fiscal year in which the expenditure will be made. The override passed at the June 6th override election.

The Water Commissioners, Chairman Clifford D. Tripp, Donald C. Wood and Charles A. Morgan, commented that this sale has been 10 years in the process, and they are pleased that it has finally been completed. The Commissioners said the sale price is $82,000, with the additional $4,000 to cover title search, surveying and filing the deed.

Commissioner Morgan said the site was first found in 1979 and approved by the state Department of Environmental Quality Engineering (DEQE) in 1981. The state has authorized the taking of 500,000 gallons per day; however, the well has a potential of over a million gallons per day, the Commissioner said.

Medal to Local Skater

ROLLER SKATER WINS SECOND NATIONAL CHAMPIONSHIP

Maurine Anne Jennings of Mattapoisett, daughter of Michael and Elaine Jennings, recently skated at the National Roller Skating Championships in Fort Worth, Texas, and won the Bronze Medal in Freshman Dance with her partner, Keith Thomasset of New Bedford. They qualified to skate the National Championships when they won the Gold Medal at the Northeast Regional Championships in July.

In 1987 and 1988 Maurine and her former partner, Ryan Tavares of New Bedford, were Northeast Regional Elementary Dance Champions. They went on to win the Silver Medal at the 1988 National Championships in Lincoln, Nebraska.

In February of this year Maurine skated at the North Atlantic Section Gold test Center and was awarded her Gold Medal, the highest achievement in American Dance Roller Skating.

Maurine is thirteen years old and has

Letter to the Editor

It is pleasing to note the interest of your readers in environmental and energy problems as shown in the Letter to the Editor regarding "No Coal" in the August 2nd issue.

Such interest can be helpful if it is directed in a positive direction. If we acknowledge that we need increasing amounts of electricity and that we want to minimize the effect of electrical generation on the environment, then the next logical step should be to gather information in a professional, unbiased way to prepare a progressive plan of action.

In his letter Mr. Irwin Marks' comments regarding coal-burning indicate that he is not familiar with the new technique called "fluidized bed combustion". This is a revolutionary new way to burn coal. It requires entirely new and different equipment; therefore is primarily applicable to new plants. Before opposing new coal burning plants, the Coalition should find out if the proposed plants would use this latest design and, further, should find out exactly what effluents would result. They may find that these plants would be a sensible contribution to our energy needs. Of they may determine after careful study that they cannot recommend their construction. Their next step would then be to issue a recommendation based on facts (with the facts included). This approach would be far better than

GOOD THINGS
Come to THE SHUTTERBUG
in Small Packages

Flashes built into compact cameras offer convenient lighting, but are never quite powerful enough or wide enough to cover all your picture needs.

Morris, the original slave flash maker, has come up with an ingenious little flash that is big in power and small in size. With the Morris mini Slave you can put the light where you need it, with no cords attached!

The mini Slave fires automatically when your camera's flash goes off. It can be used for wider coverage on group portraits, adding more light so you can shoot pictures farther away, or for more creative control, like side or back-lighting. Because of its small size, the mini Slave can be easily hidden behind (or even in!) objects to add light to those "hard to reach" locations. Made of a translucent plastic, the mini Slave can still sense your camera's flash and fire in perfect synchronization.

Plymouth County Conservation

CONSERVATION DISTRICT
IN NEED OF VOLUNTEERS

The Plymouth County Conservation District is in need of volunteers. If you are interested in conservation and can donate some time to our organization, it would be greatly appreciated. For the first time in 40 years the Conservation Districts have been cut entirely from the state budget. This is a blow at a time when the District is moving ahead. As of November 1st, the Plymouth County Conservation District will have their own office and with loss of funds we need all the assistance volunteers can offer in order to assist county residents in employing the best possible conservation measures.

Some projects can be done at home, some at certain times, some at your convenience. No matter how much time you can spare it will be appreciated. For further information please contact the District Office, 40-48 North Main Street, Middleboro, MA. 02346; telephone 947-7863.

Public Waterfront Act

PUBLIC HEARINGS SCHEDULED

The Department of Environmental Protection (DEP) recently released the final draft of the proposed Chapter 91 "Public Waterfront Act" regulations (310 CMR 9.00). Formal public hearings have been scheduled during September. To provide southeast local officials and interested citizens with an opportunity to discuss the regulations prior to these hearings CZM has scheduled a public forum. This meeting will take place on Thursday, August 31st, in Room 116 of the Dion Building at Southeastern Massachusetts University. Representatives from DEP and CZM will be present from 7:00 to 9:00 p.m. to answer questions from the audience.

A complete copy of the regulations can be obtained by contacting the DEP Division of Wetlands and Waterways, 1 Winter Street, Boston, MA. 02108; (617) 292-5695.

PUBLIC HEARING

Pursuant to the requirements of G.L. c. 30A, Section 2, the Department of Environmental Protection will hold four public hearings on the proposed revisions to the existing regulations, 310 CMR 9.00, governing administration of the Public Waterfront Act, G.L. c. 91.

The proposed revisions will establish procedures and regulatory standards for administering Chapter 91. These regulations will apply to anyone proposing to place fill, build structures, or dredge in filled or flowed tidelands, great ponds, or navigable rivers and streams. They will also apply to anyone holding a valid Chapter 91 license who proposed structural alterations or a change of use.

Public hearings in this area will be held as follows:

September 7th, 7:00 p.m., Department of Environmental Protection Southeast Regional Office, Auditorium, Lakeville Hospital, Route 105 (Main Street), Lakeville.

September 14th, 7:00 p.m., Main Auditorium, Cape Cod Community College, Route 132, West Barnstable.

Other hearings will be held in Boston on September 11th, in Springfield on September 12th and in Gloucester on September 13th.

Persons planning to give oral testimony at the hearings are requested to provide a written summary thereof at the hearings or afterward until September 15, 1989, when the hearing record will close. Ques-

A Thank You

We would like to express our sincere thanks and gratitude to our many friends and relatives whose kindness and thoughtfulness helped us so much in our time of need.

Our gratitude also to the Mattapoisett Emergency Medical Technicians, Sgt. Donald Moran, and Patrolmen Joseph Faulkner and Robert Boidin, and the New Bedford Paramedics from St. Luke's; also the Reverend Raymond Patch.

The thoughtful outpouring of food, flowers and other kind expressions of concern once again prove what a special place Mattapoisett is to us all.

We made such a good decision to retire in such a great place.

Support Group

FOR PARENTS ENDURING GRIEF

The support group for Parents Enduring Grief will meet on Tuesday, September 5th, from 7 to 8 p.m. in the White Home at St. Luke's Hospital of New Bedford.

The group which meets on the first Tuesday of each month offers support for parents who have experienced the death of a newborn or stillborn baby or who have suffered a miscarriage or ectopic pregnancy. Open discussion and self-help are also accentuated at the meetings for parents who have experienced this kind of loss regardless of the length of the pregnancy.

For more information call Social Services at 997-1515, extension 2500.

Capeway Softball

Results of games played Sunday in the Capeway Softball League were as follows:

Splitting their two games were Rumrunner and Brad's Cafe with Brad's winning the first 11 to 7 and Rumrunner the second 6 to 5. Rivers End took two games from Barnes Tree Service, the first 13 to 1 and the second 6 to 4. Also winning two games was Freddie's Package beating Seagas 12 to 4 in the first game and 8 to 3 in the second. Jack's Place also won their 2 games with the Mattapoisett Inn, winning the first 6 to 1 and the second 6 to 4. Mattapoisett 3 took two games from the Seagulls, winning the first 6 to 1 and the second 2 to 1.

In makeup games from July 30th, Jack's Place beat Barnes Tree Service

"King Bingo's Surprise"

PUPPET SHOW AT HERITAGE PLANTATION

The Puppet Workshop will perform "King Bingo's Surprise" at Heritage Plantation Sunday, September 3rd, at 2:00 p.m. on the Outdoor Concert Green.

The Puppet Workshop, a Rhode Island based company, has created a show that features several original, popular-style songs with a highly imaginative story line about tolerance. The 45 minute play evolves around a green worm called a "schlunk" and King Bingo.

The Puppet Workshop's improvisational style with the emphasis on audience participation has been delighting audiences around New England since 1972. A non-profit arts organization funded partly by the Rhode Island State Council on the Arts and private donations, the group offers original puppet performances and also teaches through workshops and residencies. Their programs appeal to all ages, but especially to children who find through the magic of puppetry a special outlet for their own communication.

Heritage Plantation is 3 miles from the Cape Cod Sagamore Bridge, exit on Route 6A, then go right on Route 130 to Pine Street and the Museum.

Tickets for the day are good for all

Plimoth Plantation

EARLY COLONIAL MUSTER RE-ENACTMENT

On Saturday, September 2nd, Captain Myles Standish will lead the militia of Plimoth Plantation in a day-long re-enactment of an early 17th century colonial muster.

Demonstrations of marching, proper wielding of sword and pike and the firing of matchlock muskets will all be included in this unique event that re-creates one of the general musters held in early Plymouth. The original militia consisted mostly of English yoeman farmers and required periodic training under the leadership of Captain Standish, the only experienced soldier in the 17th-century community.

The militia will assemble in the morning and afternoon to display methods of attack and defense in this exhibition of period military maneuvers. Feasting, music and legal sports including stool ball, pitching the bar and nine pins are among the many festive activities museum visitors may enjoy throughout the day.

That evening Plimoth Plantation will offer a feast from the past where diners may enjoy authentic 17th-century fare. Period hosts will take guests back 300

Weekly Business Forum

ADDRESSES BUSINESS INSURANCE

The Weekly Business Forum will address the topic, "Business Insurance Questions and Answers", on August 28th. The Forum, sponsored by the Southeastern Massachusetts University's Small Business Development Center, is conducted every Monday evening except holidays from 6:00 to 9:00 p.m. at the Fall River Chamber of Commerce, 200 Pocasset Street, Fall River. The evening provides the opportunity to "get together" with other business people to exchange ideas, network, etc. In addition, a question and answer session is held to provide participants with the opportunity to ask general business questions or ask questions to an invited guest related to his or her area of expertise. Group discussions provide the opportunity for an exchange of ideas and solutions for individual business problems. Regular Weekly Business Forum participants are reminded that no session is scheduled for

Tobey Hospital Blood Bank

The Tobey Hospital Blood Bank has earned renewal of accreditation by the American Association of Blood Banks (AABB).

Accreditation follows an intensive on-site inspection by specially-trained representatives of the Association. The inspection establishes that the level of medical, technical, and administrative performance of the Tobey Blood Bank meets or exceeds the rigorous standards set by the AABB.

"The AABB inspection and accreditation standards are voluntary", noted Charles S. Kinney, Tobey President. "It is not legally necessary for a blood bank to be accredited, but we have sought accreditation because it represents a very

high level of professional and medical expertise. The primary goal of the program is to assist facilities like ours to achieve excellence, and thus provide higher quality blood, blood components, and other services to patients."

One of only two community blood banks in the state, the Tobey Blood Bank services approximately 300 patients each year, requiring an annual total of between 700 and 800 pints of blood. Tobey Blood Bank maintains supplies for anyone who needs them, 24 hours a day, 365 days a year.

The blood bank relies primarily on the commitment of area residents, businesses, and civic, and government organizations to maintain its blood supply.

Tobey is one of more than 2200 blood banks throughout the country and abroad that have earned AABB accrediation rating and recognition. Founded in 1947, the AABB is the only national organization in the U.S. devoted exclusively to blood banking and blood transfusion services.

and more attorneys have come to accept the paralegal as a necessary and vital addition to the legal profession. To meet the growing demand for trained paralegals, the New Bedford Campus of Newbury College is offering courses leading to both a two-year degree and a one-year certificate in Paralegal Studies. Evening classes for the week of September 18th are held in the Blue House at New Bedford High School, 230 Hathaway Boulevard.

Newbury's paralegal program, developed in accordance with guidelines set forth by the American Bar Association, is designed to provide students with an in-depth understanding of the concepts of the American legal system, in conjunction with specific skills and knowledge in paralegal procedure. Newbury's training prepares the student to assist the attorney in legal research and in the delivery of professional services.

Both the degree and the certificate program provide a variety of electives which will allow the student to specialize in areas such as real estate, criminal law, family law, and corporate law. Included on the fall schedule are: Introduction to the Paralegal Professional American Legal Systems; Litigation; Utilization of Legal Materials; Criminal Law; and Landlord and tenant Law.

More information about the courses, as well as about deferred tuition and financial aid, may be had by calling 996-3138. Career counseling and placement testing are also available.

Newbury College, a two-year college, is accredited by the New England Association of Schools and Colleges and offers over 30 programs of study in many locations throughout eastern Massachusetts.

MASSACHUSETTS SCHOOL
SUPERINTENDENCY UNION #55
NOTICE TO PARENTS

Below are the School Bus Routes for the Old Rochester Regional School District and Superintendency Union #55 for the Towns of Marion, Mattapoisett, and Rochester for the School Year 1989-1990. The scope of transportation services are the same as they were for 1988-1989. Routes have been modified slightly to accommodate new membership. Any questions regarding the bus routes and stops which affect your child should be addressed to Andrew J. Santos, Associate Superintendent for Business, 758-2772, or your School Committee Representative.

The School Committee recommends and appreciates parental participation and support at bus stops prior to bus arrivals.

LATE BUSES

There shall be late 3:30 p.m. buses on Tuesday, Wednesday, and Thursday only and daily at 5:00 p.m. from Old Rochester Regional Jr. and Sr. High Schools. Please note that late bus routes as listed have been premised on express services to specific stops in the respective towns. A student riding the late bus can select a stop that is no greater than 2 miles from his or her home. In some instances this will require prior planning on the part of parents to pick up their child from these predetermined stops.

BCC FALL SEMESTER SCHEDULES NEARLY 400 COURSES

Career enhancement, potential promotions and the chance to do something good for yourself are waiting for you this fall at Bristol Community College. BCC will offer nearly 400 credit and non-credit courses that could get you started on the kind of future you've always wanted, according to Janice Motta, dean of continuing education and community services.

"It's time to think about yourself", said Ms. Motta. "BCC offers lots of opportunities for people to improve themselves and get started on their goals. All it takes is that first step -- to come back

to school." Part-time courses at BCC can be a great way to get started, she added. "By taking a few courses new students can get a feel for what their future career might be like", said Ms. Motta. "And the way towards that future goal is much simpler than most people think. Our admission procedures are easy and our academic counselors can help new students find a schedule and a program uniquely suited to their time and talents. We can even help you secure financial aid if you're qualified."

BCC offers flexible scheduling options so students can fit courses into their busy lives. This fall students can start their courses in early September or late September, and they can take one or two eight-week courses in half the usual time. Classes meet days, late afternoons, evenings, and weekends, so anyone can fit in a class.

The College has recently opened a brand new satellite campus at Apponequet Regional High School in Freetown, where twenty-two credit and non-credit courses are scheduled. There are also courses scheduled at BCC's satellite campus in New Bedford at Greater New Bedford Regional Vocational Technical High School on Ashley Boulevard.

ONE COLLEGE COURSE IN HALF THE TIME

The college semester can be cut in half for students enrolled in Bristol Community College's eight-week credit option. This unique scheduling option lets students take a course or two for just eight weeks, half the time of the normal semester, according to Jack Gregory, director of administrative services.

"We've devised a schedule that lets students shorten their semester or take two eight week sessions back-to-back", he said. "This eight-week schedule allows students to either shorten their semester or fit in two courses in one semester's time."

The first eight-week session runs September 6 through October 10. The second session runs October 30 through December 21.

This option provides an added plus for students taking courses that are in sequence or have information that build on each other, said Gregory. "Students often find it much easier to take math, history or real estate courses that are taken in sequence without the interruption of the semester break. The ideas and the theories are still fresh in their

Sunday Service

MATTAPOISETT CONGREGATIONAL CHURCH

On Sunday, August 27th, the Rev. Dr. Richard D. Fischer will be conducting the service at the Mattapoisett Congregational Church. The Crib Room is open during the summer months. The worship service begins at 9:30 a.m. All are welcome.

Boston by Foot

TOUR CHARLESTOWN

On Sunday, August 27th at 2:00 p.m. Boston by Foot will present one of its newest tours, through one of the Bay State's oldest towns. Charlestown is rich in Federalist, Greek Revival and Gothic Victorian architecture. The ninety-minute tour will highlight homes, public buildings, and historic sites. Sites visited will include the Bunker Hill Monument, Thompson Square and the Phipps Street Burying Ground.

Meet guides Margaret Bratschi and Carl Erikson in front of Warren Tavern on Main and Please streets in Charlestown (near the Community college stop on the T's Orange Line). No reservations are required, and Boston By Foot tours proceed rain or shine. Admission is $6.00, $3.00 for members. For further information and a free schedule of BBF tours call 367-2345.

ham Area Hospice through its great growth in the past several years, is leaving this month with her family for the Detroit area, where her husband has been transferred. The outdoor supper party was held at the Nobska Point home of Dr. Betty Gleason, medical director and one of the founders of Hospice here in 1982.

Mrs. Pheeney, a registered nurse with a Bachelor of Science degree in Nursing from the University of Vermont, joined Wareham Area Hospice at the start of 1985 after 4 years of managing a similar program in Wolfboro, NH. She is also serving her second term as clerk of the Hospice Federation of Massachusetts. She and her husband have a son who attends Norwich University in Vermont and a daughter in high school.

A search committee interviewing candidates for the position hopes to have Mrs. Pheeney's successor in place by September.

Hospice offers in-home care to terminally ill patients and their families in Buzzards Bay, Carver, Lakeville, Marion, Mattapoisett, Middleboro, Onset, Rochester, Sagamore and Wareham.

of your own face and then decorate a costume to wear with it. Each 8 to 12 year old child will need an adult partner to bring to class. Both will go home with a mask made from Pariscraft and a cloth costume.

This is a three-part workshop. At the first session the mask will be formed. At the second session the mask will be decorated, and during the third session the costume will be assembled. All materials will be supplied by the Museum.

The cost for adult and child members together is $25.00 and a non-member pair is $35.00.

Please call the Education Office at 888-3300, extension 22.

Monsur, Niki Mills and Umoja will perform a benefit concert to support persons who have contracted the HIV virus causing AIDS, and who wish to obtain wholistic healing alternatives. The program is being produced by Healing Light Productions and is sponsored by Project CARE/AIDS Advocacy Center, AGLAS, and Friends of Wholeness, all local groups.

This evening of heartfelt music will begin at 7:00 p.m. and extend over a wide range of styles. Wheeler, a fast rising songwriter, will perform her original music "with a touch of country twang, a dash of rock n'roll grit, and a lot of natural warmth". (the Boston Globe). The Millington Sisters have been around the women's music circuit since the beginning and sing and play original folk and rock with "verve". They're light and lively and love their work. Melanie Monsur is a schooled jazz piano player who was on to new age music before its time. Her improvisional style, so suited to a synthesizer, creates beautiful unique sound blends. Niki Mills is returning to the music scene with a voice known as rich, strong and sexy. Her background is country, but she'll perform from a basket full of goodies. Steve LaValley,

Women's Golf

After a series of match-play playoffs during the month of July, The Little Harbor Women's Golf Association's champions for each flight have been decided. Wendy Forbes is the winner of Flight A, Ada Lukey took Flight B, and Enis Nolan won Flight C.

On Wednesday, August 16th, a tournament for individual score was played. In Flight A, Janice Moody took Low Gross, and Connie Dixon took Low Net. In Flight B, First Low Gross was won by Lori Mello, and Second Low Gross was taken by Mary Savignano. First Low Net was fired by Kitty Borden, while Ann Shea took Second Low Net. In Flight C, there was a tie for First Low Gross between Jane Verna and Janet Birdsall. Barbara Giberti took First Low Net and there was a five-way tie for Second Low Net between Lee Savas, Betty Chapman, Jane Marso, Ruth Streeter and Eileen Hughes. Nat Boynton was closest to the pin on number two and Faye Miles was closest on number eleven.
